CT Summer Hack 2019

Meeting Moderator Machine

Islam Farg, Evi Lazaridou, Amadeus Magrabi

Meeting Moderator Machine

Goal:

- Avoid imbalanced meetings in which one person talks too much
- Avoid chaotic meetings in which people do not stay on topic
- Avoid negative meetings when people are too pessimistic

Tech:

- Python
    - Google Cloud APIs (Speech-to-Text API, Natural Language API, Storage)
    - Flask
- JavaScript

Start the meeting   Stop the meeting   Speakers count 👥 2
